Athlete Performance Training

Coaches Introduction

**Special
Olympics**
Pennsylvania

What is Athlete Performance Training (APT)?

- Designed to elevate the fitness levels of athletes and improve their sports outcomes, Athlete Performance Training consists of a combination of coach-facilitated sports practices and at-home fitness programs.
- During practices, coaches will apply an approach that includes education, exertion and evaluation.
 - **Education:** Time is taken during each sports practice to discuss physical activity, nutrition, and hydration as a team.
 - **Exertion:** A practice plan is followed that engages athletes in physical activity throughout the entire practice.
 - **Evaluation:** Athletes' health and fitness metrics are collected at the start and end of the season.
- At home, athletes and their families/caregivers are provided a fitness program to complement the in-person practices.

Key Aspects of APT:

- A minimum of 8 weeks of training are required to fully complete APT.
- Any size team and any sport can participate.
- Health metrics of athletes are collected and recorded electronically on a Google sheet provided to you by SOPA.
- Health metrics: Height, weight and blood pressure can be collected from athlete's previous doctor visits.
- Fitness metrics: Determined by coaches completing a modified Coopers Test at the start and end of training and recording results.

Registering for APT:

- COVID-19 Coordinators when completing their **Site Registration Form** via Google Forms are asked if they are interested in participating in the Athlete Performance Training. COVID-19 Coordinators can express interest on behalf of their coach.
- **Or** a coach can visit the Online Portal to complete the necessary online training.
- The training can be found under the “**Training Schools, Webinar and More**” tab, labeled as “**Athlete Performance Training.**” You will only be able to access the training if you’ve taken your other required trainings (Concussion Training, General Orientation and Protective Behaviors).
- You will be contacted by SOPA, after the training with additional information regarding mailings of materials as well as a link to the Athlete Performance Training Tracking.

To find more information on APT visit the SOPA website under **Commit to Fit**

Coaches Training and Progression Plan

By implementing Athlete Performance Training for a minimum of 8 weeks during training AND completing the "Athlete Performance Training Tracking" at the start and end of the season, you are eligible for the **Bronze Level** specifically the Athlete Performance Training component of the Coaches Training and Progression Plan.
