# Everybody Plays

- Everyone on the roster must play in each game and pre-limes

## Everybody Plays

Article 1.03F of the Special Olympics General Rules States:

- *Special Olympics celebrates and strives to promote the spirit of sportsmanship and a love of participation in sports for its own sake. To that end, Special Olympics aims to provide every athlete with an opportunity to participate in training and competition events which challenge that athlete to his or her fullest potential, regardless of the athlete's level of ability. Special Olympics therefore requires that Special Olympics Games and Tournaments offer sports and events which are appropriate for athletes of all levels of ability, and in the case of team sports, provide every athlete with an opportunity to play in every game.*
- Special Olympics Pennsylvania supports Article 1.03F as the guiding principle for participation of athletes registered as members of a team for competition at any SOPA Sectional or State Competition. As such, each athlete on a team roster must be given an opportunity to play in every game for which their team is scheduled. Special Olympics Pennsylvania will not dictate the amount of time that each athlete must play during a game, but the goal is to provide a meaningful competition experience for every athlete on every team.
- The only exceptions to this requirement will be in cases of illness or injury, where an athlete is not physically able to play, or behavioral issues, where a coach chooses not to play an athlete in order to address inappropriate behaviors. In situations where an athlete will not be playing due to illness or injury or behavior issues, the athlete shall not dress in their competition uniform for the game and if appropriate supervision is available, will not be seated on the bench with the team for that game.
- If the illness or injury or the behavior issue is such that an incident report or misconduct report is completed this report should be provided to the programs HOD who should then forward to the Program Manager and if appropriate, a representative of the Games Organizing Committee (GOC) or a SOPA staff person. The coach should also be prepared to provide an explanation to the GOC or SOPA staff, if requested, as to the reason why an athlete is not dressed and playing in a particular game. As a reminder, athletes who do not participate in preliminary games may not participate in pool play or medal round games.

## At Events:

- Teams must complete lineup cards, with numbers & names
- Bottom of the card – those who are not playing and why
- Scorekeeper will check the players as they enter the game
- Code of conduct will be filed on the coach if all players are not played

- Prior to each sports season, SOPA provides seasonal webinars to any current/interested Athletes as Coaches to help them learn what is expected as a coach vs. an athlete and how to go about getting certified.
- In addition to athletes, these webinars are also for coaches, Team Leaders and other volunteers to better understand how they can support current/potential Athletes as Coaches.
- In the event an interested Athlete as Coach does not want to wait for the next webinar, here is the link to the recording of the most recent one: [Athlete as Coach Webinar](#)
- All interested Athletes as Coaches must fill out the Athletes as Coaches [request form](#) with approval from the head coach they would be working with. From there, they will be interviewed by their Regional Sports Director to determine if they are appropriate to attend a training school.

Tracking attendance is required BUT tracking attendance week by week in this document is not required; this can be a good tool to keep everything in one place.

At the end of the season the Head Coach must be able to come back into this document and for every athlete/UP indicate if they attended training for the minimum of 8 weeks.
